

DAY 10 Craft

1. Colour in this Christmas ornament, including colouring both sides of the heart shape, and cut it out.
2. Curve the crown around the heart, inserting slot A to A and B to B so that it encircles the heart with the text proclaiming "Jesus is King" on the outside. You can use tape to fix it in place if you need.

Jesus came to this world to show people His kingdom, a new kind of kingdom where people love God and one another.
